Seminars & Workshops

How to Become a Competitive Applicant Seminar

Offered in the Fall and Spring Semesters – Now Available Online!

Learn what health professional schools look for in an applicant and create an [action plan](#) to become a competitive applicant. This seminar is useful for any student interested in a health professions career.

Planning to Apply to Health Professional School Seminar

Offered in the Fall Semester

Learn about the application process for health professional schools (e.g. Medical, Dental, PA, PT, etc.). It is best if the student has attended or viewed the Competitive Applicant Seminar in prior to attending this session.

How to Apply to Health Professional School Workshop

Offered in the Spring Semester

Learn about the application process for health professional schools e.g. Medical, Dental, Physician Assistant, etc.). This seminar is useful for any pre-health student but will be particularly helpful for those applying during the next cycle.

Interviewing for Health Professional School Workshop

Offered in the Fall and Spring Semesters

Attend this workshop to learn the basics of interviewing for graduate-level health professional school (e.g. medical, dental, PA, PT, OT, etc.) and practice interviewing skills. Space is limited to Pre-Health students who have completed at least one year of undergraduate. It is best if the student has attended or viewed the Competitive Applicant Seminar in the past.

Pre-Health Academy

Offered in the Fall Semester – by Invitation

Selected students will have an opportunity to learn more about how to succeed as a pre-health student. The Pre-Health Academy invites students to discuss topics such as building a competitive application for graduate health professional school, avoiding common mistakes, learning about resources at WVU and defining success. Students will also hear from current students who have applied to health professional schools. The Academy takes place on campus, is free to attend and dinner is provided.

Registration is required to attend all seminars and workshops.
Students can register for all events by visiting the [Get Started](#) page of our [website](#).
